### **Verse**

I'm going out, I'm going to have a good time tonight  
Gonna dance so hard be the energy for the stars to shine bright  
I got my baby along, his touch is electric down my spine  
And I'm so darn happy coz he's mine

### **Pre-Chorus**

And you know that it's true  
Can't you feel it too?

### **Chorus**

I got a fever for you, I'm burning up  
When I get a fever for you  
I don't wanna come down  
It's times like these that a cure is bad  
I never knew I could feel like I have  
But I know that I got a fever for you

### **Verse 2**

I'm in the park the sun is shining through the trees  
I'm singing so good all the birds are jealous of me  
I'm meeting my baby today, we'll have a good time  
And I'm so darn happy coz he's mine
