

Walk Away lyrics

Verse

Keep it the same
No need to change it
Every little thing I see
Leads you to me
Now there's something new
Green leaves feel it too
Someone new

Chorus

A puzzle torn apart
And reconnected
The pieces are wrong
Not where they belong
Pushing me away
Thinking she would stay
And we'd be friends
You're losing me
Don't want to walk away

Verse

Now the leaves are brown
Seeing you pulled down
I can't stay around
Till your heart's found
I'll stay outside
Of your mind
And you'll find

Chorus
